'Open Nights' Start In Grove

The Mason LINE

by Chan Mason

There seems to be so much written these days about so many great and important events taking place in our fine community, there just doesn't seem to be a place for our unimportant twiddle-twaddle, but the boss says give out, so away we go.

—ML—

The mad race for power has spread from auto manufacturers to TV stations. We hear that two local stations plan to increase their power to something like 215,000 watts in the near future. Our guess is this will mean that we will be compelled to buy a larger screen. The durn signal is so strong now we see 44 football players participating in every game televised. There just ain't room for the ghosts of the ghosts.

—ML—

If anyone has forgotten his muscular dystrophy donation, please call the Fire Station and one of the boys will see that it is picked up.

—ML—

We took our Springer pup to the back country last Sunday for her first try at some quail. Did all right too. But it reminded us of a story we heard of an old man who took his ancient pointer into the field for some shooting. Twice the old dog pointed when there were no birds and twice the old man advanced cautiously, wheeled and fired into the air.

Asked why, he explained, "Spot's twelve and his nose ain't what it used to be, but he tries so hard that I'd rather waste a shell than make him out a liar."

Mama on the "Meet Millie" TV show has this explanation of her frantic efforts to marry off her daughter: "Nothing wrong about it," she says, "It's just vocational Guidance."

Brookside Liquor Store License Suspended

Don Tibbs, a newcomer to Lemon Grove from Hanford, California, was facing a dilemma this week. He bought the Brookside Liquor Store at 8291 Imperial Ave. from Charles Britt and Frances Luecker earlier this fall and got ready for a rush of Christmas business.

He reported, however, that the Board of Equalization had closed the store temporarily. A complaint lodged against the former owners for alleged sale of alcoholics to minors is believed to have been a contributing cause.

A 15 day suspension was meted out by the Board of Equalization.

He will re-open December 17th.

Supervisors Okay Incorporation Legal As Run in Review

Legal advertising concerning incorporation was declared adequate by the County Board of Supervisors Tuesday and hearing for exclusion will begin December 14.

The hearings will probably be conducted day to day until completed it was indicated by some board members.

Notice that petitions must be filed by December 14th was emphasized by the board. None will be accepted after that date.

Hearings will begin at 2:45.

The board also indicated that the election on incorporation would be during the first two weeks in January.

Charges had been made by opponents of the proposition that a small section of the legal had been omitted in part of one issue of the newspaper.

Re-running the legal advertisement with its 2,100 names would have delayed the series of hearings which could not start until the legal had been published for two consecutive weeks. This would have delayed the election.

The supervisors acknowleged that the complaint was based on technicality rather than any voter being misinformed.

Expenses covering the cost of the publication originally were contributed by proponents for the issue. Opponents argued that long and costly court action, presumably to be brought by them, would result if the election was called without re-publishing.

Future School Sites To Be Discussed By School Board

Problems connected with the selection of future school sites for the Lemon Grove School District will be discussed by the board members when they meet next Monday evening, December 13, for the regular December meeting. This, along with the routine business of the group, helps make up the agenda for the 7:30 meeting at the Lincoln Avenue Education Center.

There will be a special meeting of the local trustees on Thursday evening, December 16, at which time the bids for the additions at the junior high school will be opened. This project, with Sam Hamill as architect, will provide for fove more regular classrooms and two arts crafts rooms. The present arts crafts rooms will become the second science room.

'BILL' HOWELL NAMED MARSHAL

William Howell, former highway patrolman who is well known for his public relations work for the California Highway Patrol, was named last week as marshal of San Diego Municipal Court at a salary of $8,400 a year.

Howell had run for the office of sheriff earlier this year, taking leave of absence to try for the office. He is also well known for carrying the torch for the "intoximeter," a device used successfully in Los Angeles County to get convictions on drunk drivers.

Howell, 42, succeeds Chester Cleator, who died May 31. He was unanimously chosen by the Municipal Court judges from among two other candidates whose names were supplied by the civil service commission.

SANTA CLAUS TO VISIT HOUSE IN PLAZA FRIDAY

Santa Claus will arrive in Lemon Grove by jeep Friday at 7 p.m and go directly to the child's playhouse now on display in the Plaza.

He will distribute free candy to all youngsters with the assistance of three members of the Lemon Grove Business Women's League.

Those assisting will be Pat Cole, president; Ways and Means Chairman, Jean Woody, and Social Chairman Dorothy Louer.

In addition to wishing the children and residents a merry, merry Christmas, Santa is going to view the Business Women's playhouse. Donations for the playhouse go for the beautification of the area around the railroad tracks.

Several organizations in Lemon Grove are also accepting donations for this project. Clubs participating are: Lemon Grove Woman's Club Juniors, Fireman's Auxiliary, Vogue Section of the Woman's Club, Kiwanis Club and members of the Lioness and Lions Clubs.

Lemon Grove shops, loaded to the guards with Christmas merchandise, and fully manned by extra personnel, start staying open every night until Christmas beginning Friday. They will stay open 'til 9 p.m.

Business has not had the drive this year as it did last, most merchants report, and the pre-Christmas slackness was used to fill in gaps in stocks and oil up sales machinery. More determined than ever to wean Grove residents from shopping in the downtown area, businessmen are showing more complete lines, more variety of lines, and more competitive prices.

Additional shops during the year have made it possible for Christmas shoppers to expect to find whatever gift they had in mind in Lemon Grove. Christmas decorations across Broadway are new this year. For the past two years a huge star pine tree had been decorated as the "tallest Christmas tree in the state." That tree has been removed to make way for the new bank which will be built at Imperial and Golden.

The Business Women's League has arranged for a Nativity scene on the Plaza, and already has established a children's playhouse which will be given to some lucky contributor on Christmas

POST OFFICE TO STAY OPEN ON SUNDAY

The Lemon Grove post office annex is now open at 3488 Main St., where stamps may be purchased and parcels mailed daily, except Sunday, from 9 a.m. to 6 p.m.

Patrons are urged to do their mailings at the annex and avoid any waiting in line at the main post office. There is ample parking.

For the convenience of those who find it difficult to mail during the day, the post office will remain open until 7:30 p.m. Monday through Saturday and from 9 a.m. to 3 p.m. Sundays through December 18.

Firemen to Collect Funds for M. S. This Week

Lemon Grove Firemen are marching this week in the interest of Muscular Dystrophy. Those who wish to contribute should leave their porch lights on, according to Chief H. Hensley.

NEW MEETING PLACE FOR HOSPITAL AUXILIARY

The Grossmont Hospital Auxiliary will meet at the La Mesa Education Center instead of the La Mesa Youth Center, it was announced this week.

The meeting is set for Friday at 10 a.m.

LETTERS TO THE EDITOR

I was glad to see Red O'Malley name his ghost writer as being Harry Griffen because he has been denying all along that anyone was helping him.

Red's last article should be called a book instead of a letter and Harry must have written about two-thirds of it for him.

He says that I was "bound to get around to my views on the local schools" and in answer I would like to say that the schools of any community are one of its greatest assets. Lemon Grove has schools comparable to the best in the county and I would be willing to put our school administrations and personnel up against any school district in San Diego County.

I don't like to disappoint Red but I cannot claim to be the author of the resolution of the Lemon Grove School District which he quoted in his last article. The resolution was prepared by the administration staff at the request of the school board and I still endorse it.

Perhaps the resolution, as you suggest, does need some explanation but I will try not to write a book about it as you did.

If you read all of the resolution (you did not quote all of it) you would see that the purpose was to tell the people about the effect of status quo, annexation to San Diego, also incorporating as a sixth class city, insofar as they would effect the school and school children of Lemon Grove. We did not state the effect of annexation only, which people might presume from your article because you quoted only a part of the resolution which referred to annexation. We considered all three.

In the first place the resolution was approved by the school board several weeks before the Assistant City Manager made public his report on the possible annexation of Lemon Grove to San Diego.

On July 6, 1954, which was prior to the resolution, the School Board of the city of San Diego wrote a letter to the City Manager of San Diego in which they stated that they wished to go on record as opposing any further annexations to the city unless the following took place:

(Quote) "1. The territory also becomes a part of the school district and

"2. The territory assumes its proportionate share of the bonded indebtedness of the school district."

The letter from the city school board was in answer to a request by the City Planning Department for comment on the proposed Lemon Grove annexation so it directly affected the Lemon Grove area.

Requirement number two stated above would mean that if we annexed to San Diego the taxpayers would not only have to pay off the present bonded indebtedness of the Lemon Grove and Grossmont schools but would have to assume and pay a share of the indebtedness of the San Diego schools.

On November 30, 1954, the San Diego School Board had a meeting with the state legislators of this district in which they re-

'Incorporation Cost to Be $2 for Each $1,000 Assessed Valuation'—Betts

You can have incorporation for 20c per $100 of your assessed valuation, Bert Betts, Lemon Grove Certified Public Accountant, told about 250 persons who attended the regular biweekly meeting of Organizations United for Incorporation last week.

He said that the increase would supply enough additional revenue to operate the proposed city the first year. He also said that most of the increase would be absorbed by reduction in trash and garbage collection costs and reductions in utility rates. He pointed out that the total cost for a residence assessed at $3,000 would be $6 per year.

The budget, which Betts said was one that the U O for I committee had developed with a leaning toward conservatism on income, and generous on expenditures, was only a proposal.

"No one can assess what the council will budget. No one even knows who will make up the council. But on the basis of logic, this budget would be workable," he pointed out.

For the proposed city which he said would have a population of 18,000 and an estimated assessed valuation of $14,000,000, this is the budget the committee developed:

The Dimmer VIEW

by Max Goodwin

When my father, who lived in Cincinnati, died last week, an unusual philosophical vista suddenly opened for me. His death was the first of my immediate family and I found myself traveling a new and strange avenue of reasoning, and I wondered how many adults who have, or will face the same situation, have indulged in my type of logic.

I make my point by admitting that my father was not a particularly affectionate man, at least not until grandchildren came along. It is probable that he had to devote so much of his time trying to make a living for his family of four children, that he did not quite measure up as a pal to his sons, nor a prince to his daughters.

However, when these children married and had families, he heaped love and affection upon these in a degree that must have made up for any inadequacies that may have existed in the family before.

I am not attempting to form a school class in morals among parents, who, somewhere along the way will pass to meet their Maker with, perhaps, many things left undone and unsaid, but the opportunity to philosophize is so natural, that I can't pass it up.

I hold that an added moment of attention for the hobbies of our sons, and a shade more enthusiasm in the interests of our daughters, will pay a huge dividend in family happiness for the little effort it costs.

Hodding Carter, the Pulitzer prize winning publisher who recently wrote an autobiography titled "Where Main Street Meets the River," tells of a woman, in her widowhood, who once said to him "There are only two lasting bequests we can hope to give our children. One of these," she said, "is roots, the other, wings. And they can only be grown, these roots and these wings, in the home."

Thus I salute my father, who has passed, and turn my energy to the proper upbringing of two of his grandchildren.

LEMON GROVE KIWANIS IS FIVE YEARS OLD

Lemon Grove Kiwanis will light five candles on its birthday cake next week. The club started on December 13, 1949, with a handful of members who met in the auditorium of St. John of the Cross Church. Later it moved to the Youth Center where its membership grew to nearly 40. It meets presently at Michael's.

The club has spearheaded such civic activities as March of Dimes, Cerebral Palsey, Community Chest, Red Cross, and many youth activities. It took over the Polio Drive when the quota was $300.00 and in succeeding years collected increasingly larger amounts until last year

SERMON ON PRESERVING POWER OF GOD

Biblical assurances of God's providence and care for those who trust in Him are stressed in the Christian Science services Sunday. The subject is "God the Preserver of Man."

A passage from Ezekiel (34:11, 14, 16, 26, 30) reads: "Thus saith the Lord God; . . . I will both search my sheep, and seek them out. . . . I will feed them in a good pasture, . . . I will . . . bind up that which was broken, and will strengthen that which was sick: . . . there shall be showers of blessing . . . Thus shall they know that I the Lord their God am with them."

Camera Shop Sells Sports Section—to Feature Photo Equipment Only

Bob Vaught, operator of the Lemon Grove Camera Shop, 7348 Broadway, announced this week that he had completed negotiations with Erv Brandon's Sporting Goods and Toyland, 7388 Broadway, for the sale of all the sporting goods he had on inventory.

The sale was made necessary to acquire room for his rapidly expanding photographic business. Cameras and equipment will soon take over the area formerly occupied by the sporting goods, Vaught said.

Hank Adams May Be Named to Liquor Post Says S. D. Publication

The publication, "San Diego After Dark," in an exclusive story in their current issue revealed that Hank Adams had been mentioned for an important liquor post.

It said that Governor Knight had mentioned Adams as a potential member of the new Liquor Control Board.

Adams, a retired colonel in the the Marine Corps, was runner-up for sheriff in the November election.

New Type Hearing Aid Has No Tubes

Zenith Radio Corporation has announced the most powerful hearing aid in its history at a price no higher than other models in Zenith's "T" series of tubeless, transistor instruments.

The new, completely tubeless, transistor instrument identified as the Ultra-Royal T, was especially designed by Zenith to help those who suffer extremely severe hearing impairments. They, who can use far more power than conventional instruments supply, will enjoy better hearing through the exceptional power of the Ultra-Royal-T, Zenith said.

"Yet, with all its tremendous power, it costs only about one-half cent per hour to operate," spokesmen said.

If Zenith were to produce an instrument of comparable power using old-style vacuum tubes instead of Zenith's modern junction-type transistors, they declared, normal operating cost of the instrument would skyrocket.

"The wearer would be paying from 400 to 500 per cent more to operate such an aid," they said.

CAMELLIA SOCIETY TO MEET FRIDAY

The December meeting of the San Diego Camellia Society will be held on Friday at 7:30 p.m. in the Floral Buillding, Balboa Park.

Stanley Miller will be the guest speaker of the evening. Mr. and Mrs. Miller recently returned from a seven-month flying tour of the world, during which time they studied Camellia culture in all parts of the globe. They brought back many interesting and beautiful pictures taken along the way and will show them to fellow society members and guests at the December meeting. This will be a rare treat and one you will not want to miss. Let's all turn out and give the Millers a big warm welcome home and hear the interesting highlights of their journey.

Writer Heads for East Coast for Visit

Charles Gurley, Review reporter for Civil Defense and Red Cross affairs in the Lemon Grove area, left by plane last Tuesday evening for an extended visit in the east to see relatives and friends, many of whom he had not seen since 1935 when he attended a Better Business Bureau conference in Syracuse, N. Y.

"Will first visit a brother in Boston for two weeks," said Gurley, "and then on to Glens Falls for another brother and another two weeks, and then up to Potsdam, N. Y., for the third brother and another two weeks.

"Have some cousins and a few friends and former classmates to look up. There is also a nephew, Cdr. T. C. Gurley, who I believe is in charge of the Naval Stores Depot at Mechanicsburg, Pa., also have a nephew in Chicago where expect to see my brother's widow. All in all it will be quite a busy trip and doubt if I'll return to Lemon Grove before February 1," said Gurley.

Civil Defense

By CHARLES GURLEY

"We will have to use quite a bit of more than common sense in many of our ideas about food and feeding if we are to survive for a week in case of a bomb attack," was the conclusion of Dr. Frank B. Gigliotti, when interviewed yesterday.

"We are going to have to use a lot more good common sense," said Dr. Gigliotti, "in the selection and preservation of the food we set aside to take with us in case we find it necessary to evacuate our homes and proceed to our chosen spot near Campo. In case we chose rice or beans in glass jars, these must be kept dry, not cooked, as previously indicated. All cooked food must be processed and preserved in cans, which most persons are not equipped to do and so must depend upon commercial brands.

"Every family unit should be furnished with a first aid kit, obtainable at most all drug stores, and further information may be obtained from Mrs. R. R. Roberts, chairman of the Lemon Grove Red Cross, or Mrs. R. B. Hayhurst of the Woman's Club.

"No exposed food, and this includes live fowl, should be used unless checked for contamination by a gieger counter, as such contamination might cause lingering and painful death," warned Dr. Gigliotti.

"The military reserve at Fort Rosecrans is being urged by its officers to come to the aid of Civil Defense in any local emergency," said Capt. "Skip" Heidick, "and to render all possible assistance until such time as the Civil Defense authorities are able to take over, and this is quite comforting when we consider the great amount of help that was received by the people of Texas City, Tex., in the great Montsanto Chemical plant disaster in 1947, where it was ten days before local authorities were ready to handle the problem."

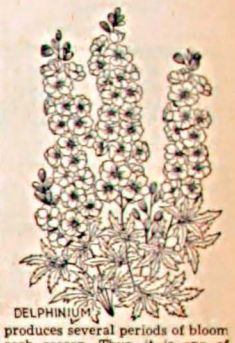
Lovely Delphinium—Rhapsody in Blue for L. G. Gardens

Many fine bedding plants are available for use in California gardens. Occasionally one of the items mentioned is of particular merit and should be represented in every garden. Such is the case with delphinium. One of the true aristocrats of bedding plants and long a source of background plantings and for use where a full bold mass of blue can be used to good effect.

As is the case with most perennials, delphinium is good for several seasons of bloom, but unlike most perennials, delphinium also



produces several periods of bloom each season. Thus, it is one of the best production numbers of the garden for not only is delphinium a thrice yearly bloomer but each period of bloom is truly spectacular. The huge flowers close set on thick, tall stems seem to be thrusting upward all over the plant. The total effect is truly beautiful.

We find delphinium grown in a mixture most popular, but some growers do offer straight color plantings. When they are available, extra satisfaction can be had by planting solid masses of these uniform colors. For light blue there is Summer Skies, with a color suggestive of the name and a white bee or center to each floret. Medium blue is known as Blue Bird, which is a fine medium blue with a white bee. Blue Jay is a very intense blue with a dark bee. Deepest of all of the delphinium in this series, which is popularly called the Round Table Series, is the Black Knight, a deep velvety violet-black with dark bee. Cameliard is an exquisite lavender, while Guinevere is a pinkish-lavender with a white bee. In pure white we have Gallahad, which is white with a white bee. Percival is white with a black bee.

Planted in the fall of the year, delphinium transplants will offer little or no color at this season. The main value is in developing strong roots that will support the strain of the heavy flowering desired for next spring and summer. Thus, for comparatively little cost a large number of plants can be brought along for next year's bloom. Clumps can be purchased in the spring that will do the same job, but the cost will be higher and then again such field grown clumps do tend to suffer in the handling.

Winter care of delphinium requires that they be planted in raised beds as they must have good drainage. With older plants, all of the flower stalks should be cleaned right down to the ground to stop the rain from collecting and rotting out the root. Snail bait should be spread after each rain so that the new shoots will be able to get a start. A mulching of steer manure and a light general purpose feeding as the weather warms should handle the fertilizing. Water should be applied by irrigation to save the stalks from bending from the weight of the water and to prevent the spread of mildew. With a little care and attention, delphinium can be a source of much garden pleasure. Try a few in some sunny spot. Your garden will benefit from the addition.

Christmas Story To Be Told at M. H. P-TA Meeting

The Monterey Heights P-TA will be entertained Wednesday evening, December 15, at its regular December meeting, by a portrayal of the traditional Christmas story in tableau, pantomime, verse and songs presented by 80 children of the Monterey Heights school under the direction of faculty members. The meeting will be held at 7:30 at the Monterey Heighs school auditorium.

An inspirational Christmas message will be given by Rev. Donald Jones, pastor of the Vista La Mesa Christian Church.

Staging of tableau and pantomime will be under the direction of Cedric Stammerjohn and Robert Harvey with narration of the Christmas story furnished by two verse choirs composed of fourth, fifth and six grade children under the direction of Mrs. Fern Bowen. A Glee Club of 45 fifth and sixth grade children will intersperse the narration at appropriate intervals with the singing of Christmas carols. The Glee Club is being trained and directed by Mrs. Roberta Smith. Lighting will be in charge of Louis Poluzzi and S. Metzner.

Mrs. Richard Wagle, Mrs. Terry Hitchcock and Mrs. Glenn E. Zick, kindergarten room mothers, assisted by Mrs. J. F. Hopkins, room mother chairman, will be hostesses at the social hour following the meeting.

Glee Club Initiation Party Held

Glee Club Initiation Day for new members of the Golden Avenue School Glee Club was held recently. During the day the choristers had to wear various articles of clothing backwards and wear shoes and socks of different colors.

At 2:30 p.m. the party began in Room 1 of the school. Those in charge were: Carol Brandt, ZoAnn Schnell, Marilyn Humphrey, Janet Stewart, Ruth Waggoner, Devon Foster, Patsy Byrum, Thomas Lange, Suzanne Jerkenson, Lorna Walsh, Mark Mason, and Judy Castles.

Games were played and stunts done by all new members. Getting the most laughs for a stunt well done was Suzanne White as she led the entire group in a mock glee club rehearsal. She was the leader. Mrs. Bengston, and everyone agreed she'd make a good assistant for their director.

Refreshments were served by Mmes. Lanell Stewart, Hazel Foster, Fern Lange, Carol Mason, and Mary Waggoner.

JUNIOR HIGH CLASS HEARS C. OF C. NEWSMAN

Raymond Blair, public relations director for the San Diego Chamber of Commerce, was guest speaker last week at the initial vocational assembly held for eighth grade students of the Lemon Grove Junior High School. He emphasized the growing need for better educated leaders in all fields and described the many openings and opportunities in San Diego County and all of Southern California.

This was the first in a series of programs planned for this year's graduating class. Through presenting leaders in various fields of employment, counselors hope to guide boys and girls to a degree in their choosing high school courses and, finally, college work. Those to be included will be doctors, nurses, educators, aircraft workers, etc.

Blair, a graduate of San Diego State College, is well acquainted with Lemon Grove, having worked here earlier in his career in the contracting business. His discussion with students was received enthusiastically, and the group is looking forward to the future meetings.

ANNUAL CHRISTMAS PROGRAM WILL BE GIVEN TH'S WEEK BY ST. JOHN YOUNGSTERS

The children of St. John of the Cross School will present their annual Christmas program at the regular monthly meeting of the Parents' Guild on Thursday, December 9, at 8 p.m. in the church auditorium.

All parents are cordially invited to attend. Baby sitting for small children will be provided at the school.

Heartland Players to Produce 'Take Your Medicine'

In the latter part of February the Heartland Players of Lemon Grove will present a three-act farce titled "Take Your Medicine," by Felicia Metcalfe. As stated, the play will make its debut in February, but at present the group is selecting a cast, mapping out their publicity, drawing rough plans of their stage set, and in general, getting the show on the road.

The play will be directed by Mrs. Emily Jordan, former director and professional stage actress, with years of capable experience behind her. Emily was elected director by unanimous choice of the present assembly, and it is thoroughly agreed by all members of the organization that Mrs. Jordan will be a fine director, as she is well liked.

"Take Your Medicine" was selected by secret ballot by the board members. "Medicine" was a unanimous choice over "Rest Assured" (runner-up) and "Orchids and Onions." The winning play is modern and takes place in a hospital ward.

On December 19 the Heartland Players are having Christmas dinner just for the members and a few invited guests. The dinner will take place at the home of Mr. and Mrs. Jack Arbuckle in Monterey Heights.

At a recent meeting of the Golden Ave. School Glee Club the following officers were elected to serve this year: President, Devon Foster; Vice-President, Wendy Peuschall; Secretary-Treasurer, Ruth Waggoner; Librarian, Diane Peavler; Pianist, Jeanette Cole.

Levis and Laces to Start Beginner's Class Soon

Board members of Levis and Laces Square Dance Club were hosts on Saturday night to members of the club at a potluck dinner at the Woman's Club. Turkey was the featured dish of the dinner with members furnishing potluck dishes to complete the menu. Approximately 60 members enjoyed the dinner, then were joined at the usual time by 50 guests.

During the evening "Santa Claus" Montgomery distributed gifts brought by the dancers for "Ma" and "Pa." After the dancing cake and coffee were enjoyed by all those present.

Clarence Montgomery, caller for Levis and Laces, announces a new beginners' class to start on December 20 at the Lemon Grove Woman's Clubhouse at 2810 Main St. This class will be held open to beginners for the first three weeks after which it will be closed to all except those who have signed up by then.

George Stalker was given many good wishes by fellow members as he leaves next week for Fort Ord where he will take his basic training.

Guests at last week's Wednesday night class included Mr. and Mrs. Ronald Gossard and Mrs. Annie Montgomery of Shelton, Washington. Mrs. Gossard is a sister of, and Mrs. Montgomery the mother of Clarence Montgomery.

Members of the club were sorry to learn that Hap and Jean Hargreaves have gone to Mena, Arkansas, where they will make their home.

Square dancers are asked to spread the word around about the beginners' class. Class starts at 8 each Monday night — the charge is 50c per person. Members of the beginners' class just completed will be taken into Levis and Laces Intermediate class within the next two weeks.

Juniors' Christmas Party to Be Held Tuesday

The Woman's Clubhouse will bulge with laughter, light, and Christmas spirit at the annual Christmas party given each year for the members by the Lemon Grove Woman's Club Juniors Tuesday.

Gay Christmas decorations, a roaring fire in the fireplace and candlelight, will set the scene this year as the carolettes sing the traditional Christmas carols, and gifts will be distributed to all.

The executive board of the Juniors will hostess the affair again this year. Helping will be: Mmes. Leon Meyers, Ervin Major, Billy Castle, William Miller, J. T. Mitchell, C. H. Jennings, Norbert Gobeille, Lee Nottingham, Dave Davenport, Carl Piepenbrink, Philip Titmas.

Before the festivities, the Reverend Mr. Dan Apra will speak on preparing ourselves for Christmas.

A new member, Mrs. Roy Adams, will receive a corsage from Mrs. B. M. Castle, New Members Chairman, and will be accepted into the Juniors. Received as a member at the last regular meeting was Mrs. Pat DeGaetano.

Mrs. Leon Meyer, club president, brought word back from the convention in Palm Springs, last weekend, of the interesting workshop and activities for the coming year; also the beginning of an idea to re-organize the districts in California because of the large increase in membership.

Methodists Plan Advent Observance

The Methodist Church of Lemon Grove meets regularly at the Woman's Clubhouse on Main and Olive Sts. Sunday School begins at 9:30 a.m. and morning worship at 11.

Special Christmas programs have been planned for this season and the church cordially invites the community to share in them.

Next Sunday, Rev. Don Cooke, pastor of the church, will preach on the topic "Stars in the Christmas Sky." On Christmas Sunday, December 19, a special Sunday School Christmas program is planned in which all age groups will participate. White gifts will be brought to the manger of the Christ child. The morning service will be one of Christmas worship.

A newly organized group, "The M. Y. F. Players," made up of youth of the church, will present the one-act play by Dorothy Clarke Wilson entitled: "No Room in the Hotel." The Choir will present special Christmas music. This program will be at 7 p.m., December 19 at the Woman's Clubhouse. The community is invited.

Jr. High School Concert and Pageant To Be Held Next Week

Next Wednesday and Thursday nights, 8 o'clock, December 15 and 16, the music department of the Lemon Grove Junior High will present its annual Christmas Concert and Pageant. Held in the new auditorium on School Lane, this year the musical production will be given with no charge to parents and others in the community. Free reserved seats are now available through the office of the school on Lincoln. Since seating capacity both evenings is limited, adults wishing to attend are requested to secure tickets early.

A special showing of the Pageant will be given Tuesday morning for the student body.

The annual production features the school orchestra, ensembles, girls' double trio, Gold Robe Choir, Green Robe Choir, and the boys' glee club. Four scenes will be staged, the Old Christmas, English, Church, and Nativity scenes.

Paul Cheatham, instrumental director, along with Rolland Purves, boys' glee club director, and Mrs. Virginia Cornelius of the art department, have worked many weeks in preparing this pageant, and it is hoped that the community will enjoy the students' efforts.

Lioness' Christmas Party Planned For Thursday

Elmar Rehborn, a German student studying at State College, gave a talk on his native land for the Lemon Grove Lionesses Wednesday at Michael's.

The Lions and Lionesses are looking forward to their annual Christmas party next Thursday, December 16.

Mr. Chuck Pike, Charles Wood and John Robinson took 17 boys 10 miles northeast of Ramona to Black Canyon for campouts this week. They had a lovely camp site, with lots of water, wood, and modern fireplaces. Several boys took a five mile hike to earn their second class badges. Some of them took two mile hikes to make advances on their first class badges. All of them enjoyed a moonlight hike, then their council fire, and taps at 9:30.

Next morning after cleaning camp, they all took part in church services. Some parents came up to help take them home. A good time was had by all.

Trinity will present a children's program at the first service, 9:40 a.m., on Sunday the 19th. Next Sunday will be Universal Bible Sunday. Dr. Jones will have as his topic "Faith For Today."

Salvation Army Kettles Become Part Of Christmas Scene

By PAULA SULLIVAN

As much a part of the American Christmas scene as stockings hanging by the fireplace and Christmas tree lights are the cheerful Salvation Army lassies, manning their gay red kettles on street corners. As the bell rings and the coins jingle, one might wonder why, each year, the kettles and tripods are brought out of storage, given a new coat of paint and set up with such care. The tradition is one which dates back to 1894 and its origin is a story in itself.

The idea was born in northern California during a time of extreme depression, according to Major D. G. Rody, commandant of the San Diego Salvation Army Citadel. Seamen and longshoremen were out of work. The Salvation Army cared for them and fed them. Then, Major Rody relates, a group of sailors were shipwrecked and stranded. The Salvation Army no longer had even enough money to buy bones to make soup.

An enterprising Salvation Army officer secured a soup kettle suspended from a crane, set up the kettle in a public place with a sign on it saying "Keep the Pot Boiling."

Public response to the unique appeal was generous. By Christmas time, the idea had spread to other cities, and since that year the Salvation Army Christmas kettles have been the means by which funds have been collected to feed the poor, the unemployed and the handicapped. Funds also are used to provide underprivileged children with gifts at Christmas time, Major Rody said. Money collected in San Diego county is used for needy families throughout the county.

NEW OFFICERS NAMED FOR JEWISH NURSERY CO-OP SCHOOL

The semi-annual election of officers of the Cooperative Nursery School of the Jewish Community Center was held Dec. 2, 1954. The new slate consists of: President, Mrs. Jack Dorcas; First Vice-President, Mrs. Marion Dimas; Second Vice-President, Mrs. Bert Eiffer; Treasurer, Mrs. Lee Philips; Educational Director, Mrs. Melvin Karzan; Public Relations Chairman, Mrs. Marvin L. Stein; Housekeeper, Mrs. June Callicoat; Equipment Chairman, Mrs. Peter Clemens; Secretary, Mrs. Mike Dowling.

After the election, plans were formulated for an inter-cultural party to be held at the school the morning of Dec. 24. The children will sing songs, dance, and play games relating to Christmas and Chanukah activities. A pinata will also be broken, and a menorah will be lit! Murals will be made of Chanukah symbols, plates and cups will be decorated with Christmas trees, poinsettias and Santa Clauses.

All members of the nursery, and older and younger brothers and sisters are cordially invited to attend this unique display of inter-faith relationships among the wee folk the morning of Dec. 24, from 9:30 to 11:30 a.m. at the school in the Center, 3227 El Cajon Blvd.

RIGHT-OF-WAY AGENTS, TEACHERS SOUGHT

A group of right-of-way agents and property appraisers will be hired following a state civil service examination in January, the State Personnel Board announced today. Many will be assigned to acquiring land for new state highway construction.

Recent college graduates and men with experience in appraisal work, right-of-way engineering work or in title examining may qualify as junior right-of-way agents with the Division of Highways or junior property appraisers with the Board of Equalization or Veterans Affairs. The jobs pay $325 a month to start, with periodic increases to $376.

Examinations are also scheduled for teaching positions in state institutions. Applications should be filed now for arts and crafts teacher and high school teacher. Starting salary is $341 to $395 monthly, depending on academic qualifications. Candidates must be eligible for a California teaching credential.

The personnel board also announced an examination for research microbiologist, which has a salary range of $505 to $613.

Additional information may be obtained at Department of Employment offices on Columbia St.

DON HOWARD TO PRESENT GERRY MULLIGAN

Don Howard of KSDO will present the premier performance of Gerry Mulligan and his quartet in San Diego on December 14, this coming Tuesday. Along with the world-renowned Mulligan Quartet will be Zoo Sims and 15 other all-stars.

C.T.A. FIGHTS FOR 'COURT RIGHTS' IN DISMISSAL CASES

California Teachers Association voted earlier this month to sponsor legislation designed to continue "the protection of pupils from the loss of qualified teachers through arbitrary dismissals" and to establish procedures of self-discipline to facilitate removal of those who may be unfit.

The action came by a unanimous vote of the State Council of Education, composed of elected representatives from all over California.

The vote places the organization of 73,000 public school teachers on record as "vigorously opposing" the proposal of the California School Boards Association for elimination of "a teacher's full access to the courts in contested dismissals." The statement adopted by the council declares that elimination of access to the courts as proposed would establish a dismissal procedure under which a given school board would be "accuser, prosecutor, judge and jury."

STATE COMMITTEE ON FAIRS IN SESSION

SACRAMENTO—Assemblyman Edwin S. Bulen of Escondido left earlier this week for Monterey to attend a one-day meeting of the Joint Legislative Committee on Fairs and Expositions scheduled for today (Thursday). Called to testify before the committee will be representatives of the County Supervisors Association, the California Manufacturers Association, Redwood Empire Association, California Taxpayers Association, California State Chamber of Commerce, Agricultural Extension Service, and heads of various state departments.

Other members of the joint committee include: Senators Verne W. Hoffman, John A. Murdy Jr. and Nathan F. Coombs; and Assemblymen Don Hobbie and H. W. Kelly.

HELIX LOOP TEAM LOOKS UN-GOOD

By ARVIS REED

The basketballers from Helix have started their season early this year by playing Mission Bay. They also played against Hoover last week, losing by a score of 50-38. On December 4, they played Escondido and lost once again by a score of 48-39.

With only two returning lettermen on the team this year, it doesn't look like Helix will have much of a team but the players will be trying to win every game. Their first league starts in January.

The schedule for December is:
December 10—at Colton.
December 11—at Redlands.
December 16-20 — Kiwanis Tournament.

LETTERS TO THE EDITOR

Dear Editor:

Three different times, in as many years, I have flown from coast to coast, in both directions, carrying the good will and best wishes of the Citizens of Lemon Grove to civic leaders, in cities and towns all over the country.

Lemon Grove has been my home for quite a few years and my praise of the "Fastest Growing Small Town in the West" with its "Best Climate on Earth" was something I was proud to boast of.

But after attending the Incorporation meeting last week and viewing the film on Lemon Grove and surrounding communities presented by Bob Gauldin, I couldn't help but feel a little humble and slightly embarrassed for having issued invitations to so many prominent people to visit my home town. I wondered how the message I carried, could possibly describe the same town pictured in this film.

But I'd be ashamed to have to retract my original statements, so it seems the next best thing is to clean it up—whether it means incorporation or non-incorporation to accomplish this. Then we'll be prepared, should any of these people, or others, decide to visit Lemon Grove.

And while I'm on the subject, I'd like to say something for Frank Armstrong, whose letters I've been enjoying immensely.

I think most of Mr. O'Malley's statements criticizing Frank's are utterly ridiculous, and as far as his suggestion is concerned, that Frank is probably seeking an appointment to the City Council as "clean up man," or whatever you would call that office in the City Council, I'd like to elaborate on that statement, putting it in a little different manner, and suggest that someone appoint Mr. Armstrong to that position at once—and I'd be the first person to offer my assistance as his "right hand man," or in this case his "Girl Friday." And do you know where I'd start? Right by my own back yard.

Now I've never met Mr. Armstrong, but I see eye-to-eye with him, as far as the "cleaning up" business is concerned. Any red-blooded American would prefer to live in a nice clean community, both from the standpoint of observation and sanitation.

Yours (not only for the "Best Climate on Earth," but for the "Sweetest Smelling, Freshest Air on Earth).

Isabelle G. McCrae

Dear Max:

I wish to take this opportunity to express my thanks for the fine support which you gave me during the 83rd Congress, and in the recent election. I am confident that it was because of your support I was able to carry 66 per cent of the total vote. Even in cases where we were not in full accord, you were most kind in commenting upon my position in the matter.

I trust that during the next two years I may have your continued confidence, and I shall endeavor to be faithful to the trust reposed in me.

With kindest personal regards, I am

Cordially yours,
JAMES B. UTT, M. C.

Dear Editor:

Just a note to say hello, and send good wishes.

In a couple of months I should be home for good, and I shall drop by and say hello.

Hope you were better pleased with the general election outcome than you were with the primary. You must have been pleased with Congressman Utt's win. I am sure he appreciate your help.

I plan to finish my units at S.D.S.C. when I get back, then start on a law degree.

See you next year.

Sincerely,
Bill Shearer

Dear Editor:

The Mary V. Beyer Navy Wives Club No. 96 has a box in the Mayfair Market in Lemon Grove in which all are urged to put food, clothing or toys for the Navajo Indians. These poor people have no modern conveniences or luxuries of any type and it is hoped that there will be enough contributed to give them a happy Christmas. There are five Navy Wives Clubs in the San Diego area working on this project. Cooperation from the Navy and various business firms have made the work easier. The Navy has loaned us a building to store our collections and one van company will ship the packages to Los Angeles and another van company will ship them to Flagstaff where the Mission will pick them up.

It is hoped you can find the space to let the people of Lemon Grove know how badly these things are needed. Thank you in advance.

MAYFAIR Patrons Prove Our Slogan Is True

Ernest and Ethel Claypool, 3420 Parr Drive, Brookside sums up the satisfaction they have with Mayfair shopping by saying that "everything is superior as far as we're concerned."

Mr. Claypool, an engineer with General Electric, is a frequent shopper with his wife.

"It takes a pretty good market to get the men to share in the shopping," he pointed out. "I like to do it at Mayfair."

Mrs. John Hughes, 2595 Massachusetts, claims a long list of likeable features concerning Mayfair Market. Low prices, parking, friendly personnel, cleanliness and "the finest meats available" are among the things she named first. Her husband is in sales work at Sears Roebuck.

We are pleased when we hear our patrons repeat the thing we've said over and over for years. . . "You get more for your money at Mayfair."

This is not offered as a meaningless slogan intended to catch the casual reader. It's a statement of policy under which we live all of the time.

We like to say it because its so. . .but we love those same words said back at us by people who may shop anywhere, but prefer Mayfair because they are here to get more for their money.

Mollie Dickens, 402 63rd Street, San Diego, whose husband William is in the Navy, puts her opinion of Mayfair in a single sentence, "I save money at Mayfair," she said.

The couple has two children, Kathleen, 3, and Will Jr., 2. "The kids like Mayfair too, she added.

One of the sights that pleases most Mayfair shoppers, and the memory which remains longest in the minds of homemakers is the beautiful vista of clean, fresh and crisp vegetables on display day in and day out.

Russell Kilcrease, 4015 Rogers Drive of Spring Valley, manager of the vegetable department, and his crew, spend many hours each morning, before the store opens, readying the shelves of locally raised produce.

STARTING FRIDAY

We Will Be Open Nightly Until Christmas

Christmas gift buying season is in full swing in Lemon Grove ——and these splendid firms stand ready, with shelves loaded, to help you make this the greatest Christmas ever.

Lemon Grove shoppers enjoy advantages not usually available to shoppers of other communities. First, sales tax is lower, while shoppers in other areas pay 4 per cent, in Lemon Grove it is 3 per cent. Obviously this saving is important when projected across the entire Christmas shopping list.

Another important feature is parking. Nowhere in the county is there so much free parking area in such a large business district as in Lemon Grove.

There's variety aplenty; competitive prices, and friendly personnel. What more could any shopper require?

Come down, bring your friends and neighbors and shop, save, and have fun.

!THE SHOW'S THE THING!

"Betrayed," the suspenseful movie starring Clark Gable, Lana Turner and Victor Mature, will continue its run tonight through Saturday at the GROVE theater. "Betrayed" is the story about a Dutch intelligence officer with the Nazis hot on his heels. Gable (the Dutch I. Q. officer) escapes from the pursuing Hitlerites and becomes a member of the Dutch resistance group in World War II. Then in three-easy lessons he trains Lana to work with him, and eventually traps his enemies! The companion picture is a western in color titled "The Cowboy" and stars Tex Ritter. Saturday's matinee for the kiddies features an array of cartoons, a serial and a full length movie, "Tarzan's Desert Mystery," starring "Jungle" Johnny Weissmuller, Nancy Kelly and Johnny (boy) Sheffield.

You are invited to attend Smokey Rogers' Amateur Review at the GROVE theater, 3455 Imperial Avenue in Lemon Grove. The shows start promptly at 2:15 p.m every Sunday afternoon. Smokey Rogers will appear in person with Tommy Shattuck, Al Petty, their steel guitars and many, many other fine performers. Everyone is cordially invited for an afternoon of wonderful entertainment!

In "Suddenly," which will open at the GROVE theater this Sunday, Frank Sinatra, who literally covered himself with honor and an Academy Award, appears in another off-beat role, as a tough, professional gunman hired to ambush the President as he debarks from his special train for a few days of fishing in neighboring mountains. In this role, Frankie, our favorite 100 pound crooner, delivers a distinguished and very convincing performance. Sterling Hayden is also starred, with James Gleason, Nancy Gates, Paul Frees and young Kim Charney.

Hollywood Glances: Richard Carlson, Hollywood's famous science-fiction actor, is getting set to star in "The Dune Roller," which won the annual Science Fiction Award for 1953. Carlson will play the role of a biologist who finds a marble-sized form of life in the desert. It grows and grows until it threatens to overrun the earth. . . . The voice behind Capt. Hook in "Peter Pan" is Hans Conreid. —B. T.

UNIVERSITY WOMEN TO VIEW HOLIDAY "AROUND THE WORLD"

"Christmas Around the World" is the theme of the annual Christmas luncheon of the American Association of University Women, which will be held Saturday at 12:30 p.m. in the San Diego Woman's Clubhouse. Talks by foreign students will point up the theme. Dr. Katherine M. Ragen will present Kurt Larsen, of Denmark, studying at San Diego State under the Visiting International Student's program of Rotary International, and Miss Fujikae Nakao, a Japanese student who has her B.A. degree from San Diego State and is now working on her master's degree in education there.

Music has been arranged for by Miss Deborah Smith and will be furnished by the 78 girls who make up the Memorial Junior High School Girl's Glee Club, and are directed by Mrs. Joseph R. Nelson, chairman of the music department at Memorial and an AAUW member.

Mrs. Bernet S. Hale, assisted by Mmes. B. H. Carson, Carl C. Harness, Jr., Charles F. Cook, John N. Haskell, C. Norman Hicks, Albert Hubler, Albert G. Hull, Ronald G. Ross, William B. Sweet, Edwin S. Thompson, Oscar G. Thompson, Charles E. Waterman, and Arthur J. Yeend, have created special table decorations which will be sold during the luncheon for the benefit of the Student Aid Committee.

BEGONIA SOCIETY TO HAVE POT LUCK PARTY

A Christmas pot-luck dinner party will be held by the La Mesa Begonia society, Monday at 6:30 in the Veterans of Foreign Wars Hall, Lincoln and Imperial in Lemon Grove. Please bring your dinner service and an exchange Christmas garden gift, value about one dollar, with your card attached.

Charles Williams, president, will conduct the business meeting, and P. P. Lee, vice president, will present Miss Lois Lantz, soprano, of the Fred Flannigan studio, who will be accompanied by Miss Esther Drew.

AREA BANK EXECUTIVE IS S. F. SPEAKER

Savings supervisory authorities from all over the United States met recently in San Francisco when the National Association of State Savings and Loan Supervisors held its Annual Convention at the St. Francis Hotel.

Among the featured speakers on the program of November 21 was an area man, John A. Davis, president of La Mesa-El Cajon Savings and Loan Association of La Mesa. The firm will soon open offices in Lemon Grove.

Speakers sharing the program on that day were Walter W. McAllister, chairman, Home Loan Bank Board, Washington, D. C., R. C. Matthews of Denver, Savings Commissioner for the State of Colorado, and Harold P. Braman, Executive Manager, National Savings and Loan League, Washington, D. C.

Davis stated that the enthusiastic acceptance of savings and loan associations by the American public presents a challenge to all associations to maintain those lofty ideals and sound policies which have made such institutions expand so rapidly throughout the years. Mr. Davis also stressed participation in community affairs, such as Chamber of Commerce, local Civic Clubs, the Realty Board, and other worthwhile groups for all aggressive savinsg institutions. He complimented supervisory authorities by saying, "The excellent record for strength and stability enjoyed by state chartered, capital stock, savings associations throughout the United States reflects in a most creditable manner upon the ability of the men in this audience."

He indicated that every savings institution should build its business upon the firm foundation of careful lending policies, sound reserves, courteous staff members and a friendly and sympathetic understanding of its customers and their problems.

He stated that the V. A. and F.H.A. revised terms will provide a potent stimulus to housing sales and that 1954 will exceed all previous records.

Some 425 to 450 titles have been coming out in the comic book field every month and selling the astounding total of from 75 to 100 million copies. That means America's children have been reading at least 900 million copies every year.—CHANGING TIMES.

LETTERS TO THE EDITOR

Continued from page 1

quested revision of school annexation laws to simplify inclusion in schools districts of lands annexed by a city which is in line with their letter to the city officials.

In view of the attitude of the San Diego School Board as above stated the chances of annexation to San Diego without also becoming a part of their school district would be very slim, if not impossible.

Also, you will note that the report on Lemon Grove annexation does not make a positive statement that we could annex to San Diego and still retain our own schools, it only states that it is possible.

If you will look at that report again you will notice that the letter of transmittal states that the eastern boundary of the area they would annex would conform with the natural drainage basin, meaning that they would not annex all of the school district as proposed in the incorporation petition, but only that land which has a natural drainage toward San Diego. I understand that the eastern boundary upon annexation would be Kempf St. If this is true then all of the pupils attending the Lemon Grove schools would not be within the annexed territory.

I am glad Red brought this school business up because the Lemon Grove schools are one of my favorite subjects and I am very proud and gratified to have been elected as a member of the school board.

In addition to having the best school administrators in the county, we also have one of the best school boards and if Red will attend one of our bi-monthly meetings we will show him how one of the local governmental agencies operates. Maybe Red would change his idea that anyone attempting to incorporate a city is a crook.

Has Harry Griffen told you that school board members serve without compensation and devote many hours each month to their duties?

Harry resigned from the School Board several months ago and I understand his reason was that it was taking up too much of his time.

You might also ask Harry if it isn't true that most of his associates in the loan business live in La Mesa, so they must believe that living in an incorporated city isn't as bad as you claim it is.

In a previous article I stated that the City Council would not receive compensation and Red says he went to the "horse's mouth" (he must mean a horse in La Mesa) and was told "that the council has the legal right to establish their own compensation."

Red must have talked to the wrong horse because the Government Code of California which states the law as to Cities, provides as follows:

Section 36514—"Except as proganized in this section, city councilmen shall not receive any compensation. At any general election, the question whether any city councilmen, or any of them, shall receive compensation for their services, and the amount of such compensation may be submitted to the electors. If a majority of the electors voting at the election favors it the councilmen or councilman shall receive the compensation specified in the election call. Compensation begins at the beginning of the term of office of councilmen taking office subsequent to the canvass of the returns of the election. From that time, the amount fixed is a charge against the city and payable as other salaries."

Section 36516 — "Compensation of councilmen may be increased or diminshed at any general election, in the same manner as it was originally established. A change in compensation does not apply to a councilman during his term of office."

In accordance with the above code sections no councilman may receive compensation or an increase unless it is approved by a vote of the people at a general election and even then it would not apply during his term of office.

Red refers in his articel to "adequate sewers" and "clean, clear water that will run out of a faucet, not drip out."

You have probably read in the papers that La Mesa and El Cajon both have received a number of annexation petitions recently, particularly in the Helix, Grossmont and Bostonia areas and the main reason is because of the sewerage problem which exists unless the land is within an incorporated city. A city is able to negotiate for additional sewerage service and if La Mesa and El Cajon are able to obtain additional sewerage service then certainly Lemon Grove could do the same thing if we incorporate. The way it is now each property owner must do his own negotiating. A City Manager would negotiate on behalf of the city. As to the clean, clear water that only drips out of the faucet, you had better talk to Harry Griffen, your assistant, because he is the member of the Board of the La Mesa, Spring Valley and Lemon Grove Irrigation District who represents you and the other property owners of Lemon Grove on Irrigation District problems.

Incidentally, is he running for re-election to the Irrigation District Board in February?

You know, Red, it wasn't common knowledge, to me at least, that the Rotary Club intends to distribute a report as to incorporation, but since Harry Griffen is the president of the club I would be willing to make a nominal wager that such a report will be against incorporation unless he is overruled by the many level headed members of the organization.

Incidentally, both the Kiwanis and Lions Clubs, service clubs similar to the Rotary, have endorsed incorporation.

It is now definite that an election will be held to permit the voters to decide on incorporation and the only things remaining to be done by the Supervisors is to determine the boundaries and set the date of the election.

Red states that in a survey "it was found that more people sought legal advice from bartenders than they did from attorneys." Maybe the reason the number of lawsuits have been increasing in the last few years is because too many people followed the legal advice of their bartender.

FRANK ARMSTRONG

Dear Editor:

Last week's letter writer (Dec. 2) declared that he was told "that the council has the legal right to establish their own compensation—and the compensation for members of commissions . . . ." I would like to point out that this statement is erroneous. Apparently Mr. O'Malley's information source did not provide the correct information.

The state law governing sixth class cities clearly states that councilmen's salaries shall be determined by the voters, and no councilman may have his salary increased during his term of office. While the council is free to set the salaries of other municipal officers by ordinance, it is traditional that members of advisory commissions donate their services.

Following is a copy of the pertinent section of the law. It is Section 36514 of the Government Code, taken from Deering's California Codes, 1951 with subsequent amendments, (p. 143). The exact citation is Sec. 36514, Gov. Code, Title 4, Division 3, Part 1, Chapter 1.

"Compensation of councilmen: Except as provided in this section, city councilmen shall not receive any compensation. At any general election, the question whether city councilmen, or any of them, shall receive compensation for services, and the amount of compensation, may be submitted to the electors. If a majority of the electors voting at the election favor it, the councilman or councilmen shall receive the compensation specified in the election call. Compensation begins at the beginning of the term of office of councilmen taking office subsequent to the canvass of the returns of the election. From that time, the amount fixed is a charge against the city and payable as other salaries."

MASON'S CHARTER

Lodge to William Rife, Worshipful Master. Worshipful Master Rife then introduced the officers of the Lodge and those who had been instrumental in the organization of the Lemon Grove Lodge.

In addition to Rife, the other officers of the lodge are: Thomas Parsons, Senior Warden; John Dail, Junior Warden; Paul Tilton, Treasurer; John Gregory, Secretary; Henry Jensen, Senior Deacon; William Ross, Junior Deacon; James Hopkins, Marshal; Guy Carmichael, Senior Steward; Lionel Thorogood, Junior Steward; and Jon MacConnell, Tiler. William Rife has served as Master of the S. W. Hackett Lodge No. 574 in 1949. Hugh D. Good is the Inspector of the 638th Masonic District serving this new lodge.

The Lemon Grove Lodge was instituted on May 15, 1954, and was granted its charter by the Grand Lodge of California during its annual communication in San Francisco in October. The Lodge meets at 8263 La Mesa Blvd., in La Mesa. Rife announced that a Temple Association will be formed to make plans for a new building in which to meet. The new lodge raised some of their original funds by collecting scrap for resale.

Already active in civic leadership, the lodge has sponsored an annual essay contest in the public schools during Public School Week. Three $25 dollar government bonds were awarded to the best essays on the Constitution of the United States from the Lemon Grove Elementary Schools, Monterey Heights, and Vista La Mesa and Grossmont and Helix High Schools. They also sponsor an annual Palm Sunday breakfast in the Friendship Hall of the First Congregational Church of Lemon Grove.

Eighteen Master Masons met in the month of March, 1950, at the first meeting of the Masonic Club which now numbers 69 in the newly constituted Lemon Grove Lodge No. 736.

GOLDEN AVENUE SCHOOL GLEE CLUB TO PRESENT "PICCOLA" THIS WEEK

Cast of characters for the operetta "Piccola" to be given Thursday evening, Dec. 9, at 7:30 p.m. in the Junior High School Cafetorium will be as follows:

Piccola, Linda Wright; Catherine, the mother of Piccola, Susan Kranch; Jean, father of Piccola, Howard Estes; Pierre, leader of the carol singers, Kim Szalay; Carol singers, Glee Club; Christmas Spirit, Donna Stokes; Dream Sprites consisting of Turkey, Alan Ursillo; a Plum Pudding, Colleen Lowney; Carrots, Elaine Riggs, Anita Duff and Sandy Johnson; String Beans, Rosemary Slye, Dalene Hamilton, Suzanne Gillenberg; Mince Pie, Mike Foote; Peppermint Sticks, Sandra LaRue and Vickie Rowley.

Piccola is a Norman-French girl who longs for Christmas to bring her gifts as it does the rich children who live near by. A visit from the carol singers adds to her happiness and hopefulness. She sets out her wooden shoe and goes to bed. When she awakens she finds a little bird with a broken wing in her shoe. Piccola is sure the good saint brought it to her. As she cants a prayer of gratitude, the carol singers troop by to their homes in the early dawning and she shares the joy of her gift with them.

The operetta is under the direction of Mrs. Elda Bengston. The accompanist is Jeanette Cole.

Child's Playhouse Now on Display In Lemon Grove

By 'PAT' COLE

Every resident of Lemon Grove now has the opportunity to assist in a community project, by a $1 donation that entitles them to a chance on the Child's Playhouse to be given away Friday, December 24, at 3 p.m. Winner need not be present. This project is being sponsored by the Lemon Grove Business Women's League, Inc. Proceeds to go toward the beautification of the area around the railroad tracks. The first of the proposed sprinkling system, north of Broadway, is now in evidence.

Wood shingles and installation (for the play house) were furnished by the Bob Griffin Roofing Co., showing the vital interest aroused in Lemon Grove for this project. In addition to Mr. Griffin's aid, Mr. Joseph Woody, of Leewood Trailer Court, assisted in the construction along with Walter Myers, whose wife owns Hazel's Beauty Salon. Dewey Carmody of Carmody's Cabinets built the formica top of the kitchen cabinets.

Without the assistance of Nobel Herrick of George F. Casey Co., his truck and trailer, the play house would never have been displayed in the center of the Grove.

All of Lemon Grove should be grateful to all donors mentioned in this article and previous articles as it shows the wonderful community spirit that exists in our town.

Old West to Be Recreated for Navy Party Saturday

The days of the old west return with the serving of buffalo steak and the re-creation of the Silver Dollar and Last Chance cafes Saturday at the Mission Beach Amusement Center.

The destroyer tender USS Prairie (AD 15) has planned these "shades of the old west" for its crew and their dependents. The buffalo, a rarity today, was ordered last August from Moiese, Montana, where a small number of the bison are sold each year to keep the herd from growing too large. Chaplain K. H. Capers, who has planned most of the party, made the arrangements for the buffalo.

The Prairie Roundup at the Prairie Corral will also feature barbecued chicken, steak and beverages. There will be entertainment for the youngsters as well as the grownups. Roller skating starts at three o'clock and amusement rides will be free to all. Greased pig races, donkey baseball games and donkey relay races will also be featured.

The uniform of the day will be western style or optional and everyone's invited to bring along a camera for the old-time photographs of subjects posing behind life-size humorous props.
